

nordlux®

The image features several modern outdoor lighting fixtures from the Nordlux brand, arranged on a set of concrete steps. The fixtures include tall, cylindrical bollards with a perforated upper section that glows with a warm, golden light, and a horizontal, cylindrical light fixture lying on its side. The lighting is soft and ambient, highlighting the textures of the concrete and the intricate details of the fixtures. The overall aesthetic is clean, minimalist, and contemporary.

Solar lighting

Marcellio Solar | Wall light

designed by Says Who

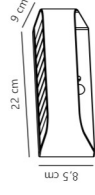

- Charged by sunlight
- Motion sensor turns light on
- Long LED lifespan (30,000 hours)

Marcellio Solar

Marcellio by Danish design studio Says Who is a wireless wall light with an elegant, curved shape and built-in solar panel. It charges during the day and switches on automatically when it senses movement. The downward light makes it ideal for entrances, garden paths or along fences. Easy to install with no cables required.

Clarini Seaside

- Vertical light effect
- Lights both up and down
- Extra durable material suitable for coastal areas (Designed For Seaside)
- 10-year guarantee on surface deterioration

Clarini is a wall light with a streamlined, geometric design. The light shines both up and down and through a narrow vertical opening, creating an elegant light effect. Its clean design makes it a perfect match for modern architecture. This product is part of our "Designed For Seaside" range, crafted with a unique surface treatment and paint to withstand even the harshest coastal weather conditions.

Designed For Seaside

Nature is beautiful - but it can also be rough. Crashing waves, wind, salt and especially sand can be a challenge for your home and your outdoor lighting.

For Nordlux, this beautiful but harsh nature and weather is part of everyday life. We therefore strive to produce lamps created from natural materials which are also resistant and durable, year after year, in relentless weather and nature.

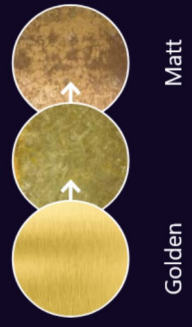

Nordlux offers a **15-year guarantee** on all outdoor lamps in galvanized steel, corten, copper and brass. This guarantee applies to extensive corrosion in the form of holes in the metal caused by rust.

We are also proud to offer an extensive range of painted outdoor lighting in our unique "Designed for Seaside" coating, which has an unprecedented **10-year guarantee** on surface deterioration.
