UMAGE

Collection 2026

UMAGE makes reservations for key errors, price changes, delivery delays and sold out items.

UMAGE is a Danish word meaning ‘making an effort’, and that’s what we want to do every day. UMAGE is where beautiful Danish design meets affordability, high-quality material, and a genuine care for the environment.

At UMAGE, we combine aesthetics, simplicity and functionality and infuse it with thoughtful craftmanship and environmental care. The result is exquisite designs with a sustainable edge. Our designs are flat-packed to optimize global logistics and make our designs more accessible and affordable. In the process, we minimize the carbon footprint on our planet and maximise our ethical commitment to environmental responsibility.

Sustainability efforts

UMAGE is a certified B Corporation, reflecting a long-term commitment to responsible business and thoughtful design. The certification recognises high social and environmental standards across the entire company and supports our belief that responsibility and aesthetics can exist side by side.

We recognise that creating furniture and lighting can never be entirely sustainable, but we continue to make an extra effort to reduce our impact. By designing timeless, lasting, and functional pieces, refining materials and functionality, and making our flat-packed designs even more efficient, we strive to care for both people and the planet, today and in the years to come.

Reforestation
UMAGE collaborates with the NGO One Tree Planted, so every time a design made from wood is sold, we plant a tree. Trees help clean the air we breathe, filter the water we drink and provide habitat to over 80% of the world's terrestrial biodiversity. Forests provide jobs to over 1.6 billion people, absorb harmful carbon from the atmosphere, and are key ingredients in 25% of all medicines. In 2024 UMAGE planted 21.218 trees.

UMAGE is an FSC™-certified company
UMAGE is proud to be an official FSC-certified company. The certification ensures responsibly sourced wood, protecting biodiversity and supporting workers and local communities. While some products are already FSC-certified oak, we will continue expanding FSC-certified wood across our collections – aligning with our design philosophy to craft each piece with respect for nature and craftsmanship. Contact us for more information on our FSC-certified products. License Code: FSC-C207737

100% recycled textiles
The Horizons textiles from UMAGE are recycled from plastic waste and reused for a new purpose in the design of comfortable chairs and cute cabinets. The textiles are certified with Global Recycled Standard and STANDARD 100 by OEKO-TEX®.

Hope leather
The tannage of the Hope leather is chrome-free, ensuring a process with minimal harm to both you and the planet. By eliminating harmful chemicals, we not only reduce environmental impact but also offer a safer, more sustainable leather option. Chrome-free leather production means less pollution, cleaner waste streams, and improved biodegradability. The Hope leather is certified with Global Recycled Standard and LEATHER STANDARD by OEKO-TEX®.

Multifunctional and flexible
Why have a table lamp or a side table and not include a USB or wireless charger as well? Why not make room for storage where the space is vacant anyway? One of the key aspects of the furniture and lighting designs at UMAGE is multiple functions and flexibility. Designing with versatility in mind supports a sustainable approach, reducing the need for multiple products to create a cohesive space.

Compact packaging
We have replaced all foam and plastic in our packaging with eco-friendly materials to minimise plastic waste when purchasing an UMAGE design. So, our designs are not only flat-packed to optimise the global logistics and the environmental footprint, but we also make sure that you don't need to throw away tons of packaging material and that the packaging you're left with can be recycled and used for something new.

Replaceable and recyclable
Creating long-lasting designs is an essential part of the UMAGE brand. To extend the life of the design, most parts of the furniture and lamps at UMAGE are replaceable. If a part breaks or gets worn out, you don't have to go out and replace a complete piece of furniture or lamp – you can simply replace the single parts. When your UMAGE design has lived a full life, it can be separated into key elements for recycling.

Interchangeable elements
As time changes, the designs can change accordingly. Two years have passed, and suddenly you want another colour on your lounge chair, then simply interchange upholstery in a few minutes. Same thing with our dining chairs, cabinets, and other responsible designs. This means you can add new life to the design and your interior without buying an entirely new furniture piece, saving the world's resources.

Responsible Down Standard
At UMAGE, we ensure that all goose feathers used for our Eos feather lamp collection are 100% sustainably sourced from farmland to end-consumer. All feathers are licensed with an RDS certification, ensuring the well-being of animals in our production.

A new B Corporation

Marking an important milestone in a journey UMAGE has been shaping for many years, UMAGE is, as of November 2025, a certified B Corporation. This recognition reflects our ongoing commitment to building a business where purpose, responsibility, and thoughtful design go hand in hand.

"Sustainability is a continuous journey, and this recognition inspires us to keep improving and contributing positively wherever we can."

Awarded by B Lab, the certification confirms that UMAGE meets rigorous social and environmental standards across the entire business. From governance and working conditions to community engagement, environmental impact, and customer responsibility, every part of our operations has been assessed through a demanding and transparent process.

"This certification is the result of many years of work to build UMAGE responsibly, and we are proud to see these efforts recognised through the B Corp certification. It marks an important milestone in our journey to create thoughtful designs, while staying true to our values of sustainability, craftsmanship, and timeless design," says CEO of UMAGE, Jacob Nannestad.

Heiko dining chair | walnut

Heiko collection

Designed by
Nicola Bonriposi

The Heiko collection blends Danish design heritage with the purity of Japanese aesthetics, creating a sculptural chair that brings balance and harmony to the home. Heiko explores the concept of balance through its curved silhouette and solid yet subtle construction, presenting a calm presence alongside a bold, sculptural expression.

Heiko combines form and function with soft lines and carefully considered proportions, adding a sense of tranquillity to any room. Whether placed around the dining table, in a bedroom corner, or by a home office desk, the chair invites stillness and reflection. Heiko unites comfort, craftsmanship, and a serene design language, transforming functional furniture into a quiet object of thoughtful design.

Audacious collection

Designed by
Jonas Søndergaard

The Audacious collection embodies a seamless blend of Nordic design and contemporary functionality. Including a cabinet, highboard, side table, TV bench, sideboard, and desk, each piece evokes a nostalgic yet modern ambience.

Signature interchangeable tambour doors glide smoothly around the organic edges of the designs, creating both movement and versatility. More than storage, the pieces become a canvas for personal expression, allowing cherished items to be displayed behind sleek, sliding doors.

With sturdy construction and distinctive, rounded shapes, the collection introduces organic elements that complement clean Nordic lines. Designed to accommodate everything from tall vases and fine liquor to plates and ceramics, Audacious combines thoughtful storage solutions with a cohesive, elegant aesthetic that enhances any living space.

Treasures collection

Designed by
Jonas Søndergaard

The Treasures collection combines a Nordic expression with thoughtful functionality, offering versatile storage solutions for various spaces in the home. The collection includes cabinets in two sizes as well as a spacious dresser, each featuring distinctive curved sides that add a soft, tactile touch to the design. Each design in the Treasures collection is available in oak, dark oak, and black oak finishes, with interchangeable doors in Venetian cane or various textiles, including our 100% recycled Horizons textile, allowing the design to adapt to personal style.

The Treasures cabinets have sides that open as wings, providing storage for items such as fine liqueurs or books. Each of the central storage compartments has one adjustable shelf, making the cabinets ideal for displaying ceramics and porcelain.

Echoing the same curved side panels and soft aesthetic, the Treasures dresser mirrors the cabinets' thoughtful design. It offers side doors that provide storage for jewellery, knick-knacks, glasses, bottles, or other small items, while seamlessly integrating three spacious drawers to keep treasured knitwear, table settings, or office documents neatly organised.

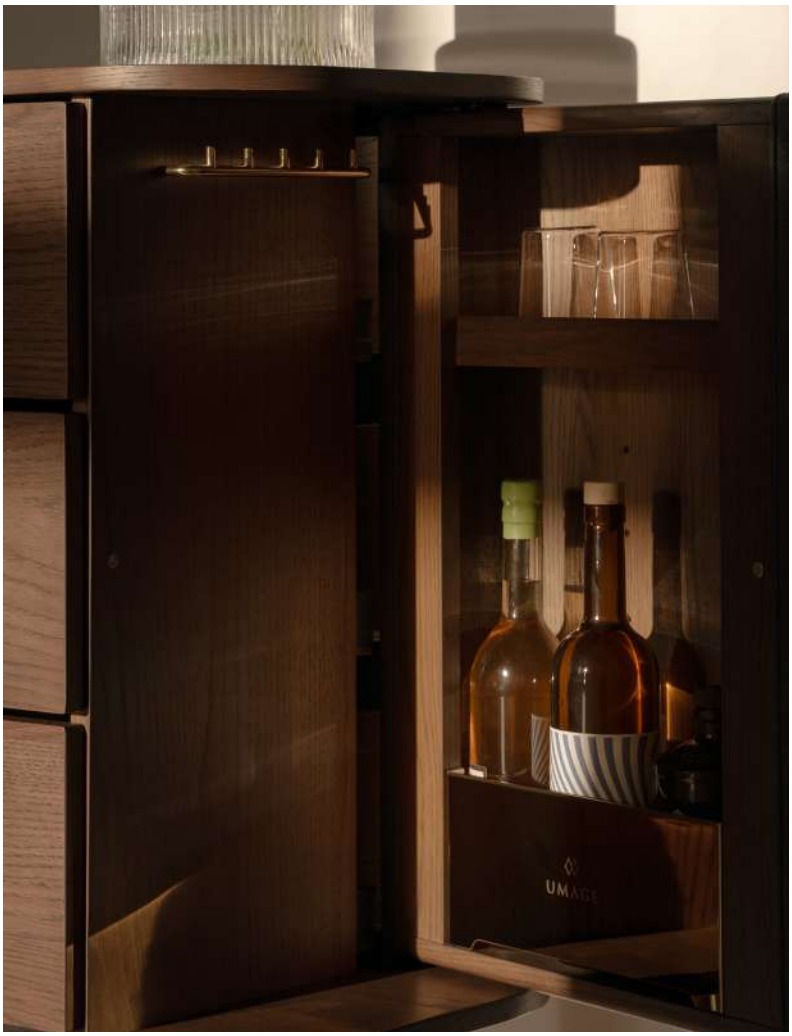

With its combination of functionality and adaptable design, the Treasures collection is suited for bedrooms, dining rooms, and home offices, adding a touch of understated elegance to any setting.

Kvadrat

Canvas 2 | Fabric from Kvadrat

Canvas is a vibrant woollen upholstery fabric created by Giulio Ridolfo. Particularly well-suited to large surfaces thanks to its pronounced structure, it features a soft weave and an expanded palette inspired by the landscapes of Skagen, Denmark. The melange yarn used to craft Canvas combines three colours, with six hues in every colourway. Consequently, the fabric offers exceptional colour richness and an intriguing expression. From a distance, it has the calm surface of a unicoloured fabric. But, get closer, and shimmering colour nuances, delicate contrasts and an elegant structure emerge.

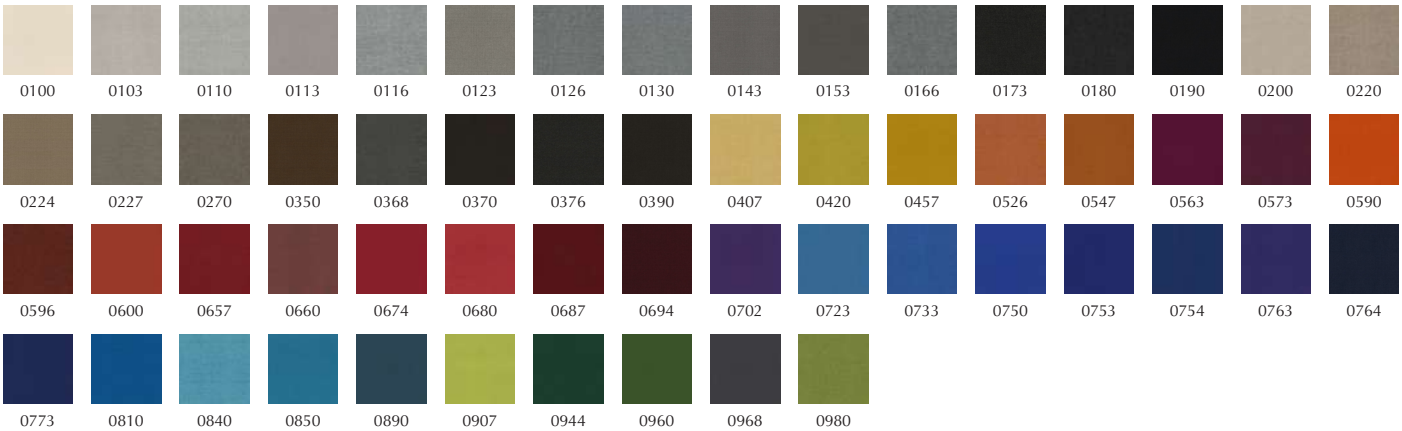

Name:	Canvas 2	Durability:	100.000 Martindale
Designer:	Giulio Ridolfo	Pilling:	4
Type:	Upholstery	Lightfastness:	5-7
Pattern:	Solid	Sustainability:	Complies with EU Ecolabel "The Flower"
Composition:	90% new wool (worsted), 10% nylon	Manufactured in:	United Kingdom
Weight:	480 g/lin.m	Price:	Upon request
Width:	140 cm	Delivery time:	Within 6 weeks

Hallingdal 65 | Fabric from Kvadrat

Kvadrat's first textile 'Hallingdal' has become the archetype of woollen textiles. The very durable upholstery fabric was originally designed in 1965 by Nanna Ditzel, and is now available in a version with an updated colour scale: Hallingdal 65. Hallingdal 65 is made of wool and viscose, which complement each other well: the wool provides excellent durability and flexibility, whilst the viscose adds brilliance and depth to the colour. Both materials are dyed before they are spun, which highlights the rich texture of the fabric.

Name:	Hallingdal 65	Durability:	100.000 Martindale
Designer:	Nanna Ditzel	Pilling:	3-4
Type:	Upholstery	Lightfastness:	7

Weight:	795 g/lin.m	Price:	Upon request
Width:	130 cm	Delivery time:	Within 6 weeks

Maple | Fabric from Kvadrat

Aero-finished and therefore extremely soft to the touch, Pine and Maple are made with three tone-in-tone coloured yarns. The viscose used in their construction gives them a distinctive shimmer, which deepens according to the light and the perspective of the viewer. Pine is flat-woven and has a subtle striated look. Maple is woven with a chenille yarn and has a soft pile that reveals the structure of the weave. Foreign fibres and small clusters of colour may appear on the fabric's surface adding to their slightly irregular, casual expression.

Name:	Maple	Pilling:	4-5
Designer:	Åsa Pärson	Lightfastness:	5-7
Type:	Upholstery	Sustainability:	Natural fibres Sustainable resource
Pattern:	Solid		
Composition:	81% viscose, 15% linen, 4% polyester	Manufactured in:	Turkey

Width:	140 cm	Delivery time:	Within 6 weeks
Durability:	30.000 Martindale		

Moss | Fabric from Kvadrat

The second design by Vincent van Duysen and Anna Vilhelmine Ebbesen is the distinctive upholstery fabric Moss. The mixture of twisted yarn and chenille gives the fabric surface a textured structure with an appearance of movement, and also creates a soft handle which adds a special dimension to the furniture it covers. The twenty-two colourways are either one- or two-tone combinations inspired by Vincent van Duysen's own home and range from cool cement and soft blue to oily green, curry yellow and the shades of natural wood.

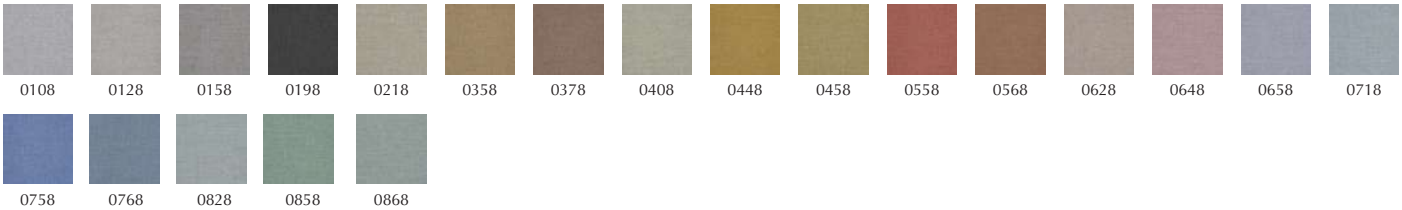

Name:	Moss	Width:	138 cm
Designer:	Sahco	Durability:	50.000 Martindale
Type:	Upholstery	Pilling:	4-5
Pattern:	Solid	Lightfastness:	5-7

Weight:	1,030 g/lin.m	Delivery time:	Within 6 weeks

Re-wool | Fabric from Kvadrat

Crafted using 45% recycled wool, Re-wool is a rich upholstery fabric with a sustainable profile. The fabric is partly made by reusing scraps from Kvadrat's yarn spinners in the UK. It is designed by Margrethe Odgaard. 'The idea was to create a both honest and environmentally friendly – fabric with a poetic feel by recycling leftover material from Kvadrat's own production', explains Margrethe Odgaard. Reminiscent of colourful stitchings on a darker background, Re-wool features exceptional depth of colour, creating a dynamic play on the fabric's surface when applied to furniture.

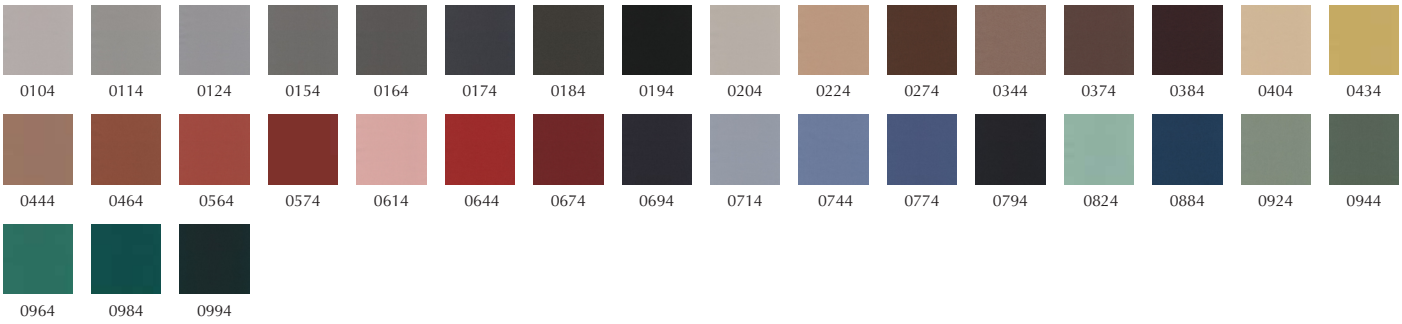

Name:	Re-wool	Durability:	50.000 Martindale
Designer:	Margrethe Odgaard	Pilling:	4
Type:	Upholstery	Lightfastness:	5-7

Reflect | Fabric from Kvadrat

Reflect is a sophisticated twill weave upholstery textile designed by Patricia Urquiola made from recycled polyester, with a natural expression and a particularly tactile touch. Unusual for a textile crafted from recycled fibres, Reflect has a particularly delicate and soft hand. Made from recycled polyester, it offers excellent functional performance, as well as a full scale of vibrant colours. The versatile palette for Reflect comprises 35 colourways and expresses confident colour combinations by matching warm notes with closely related nuances. Reflect is suitable for contract and private use.

Name:	Reflect	Durability:	100.000 Martindale
Designer:	Patricia Urquiola	Pilling:	4

Remix 3 | Fabric from Kvadrat

Remix 3 is an elegant upholstery textile distinguished by exceptional depth of colour, designed by Giulio Ridolfo. It comes in 23 new hues, adding to an already expansive palette which now offers a total of 72 sophisticated colourways. Remix 3 looks unicoloured from a distance but reveals subtle details and colour contrasts when viewed close-up. The textile features a tight, minimalistic weave, and derives its lively colour play from a combination of two different mélange yarns, which each combine up to three hues. The new colours – carefully selected from 2600 samples– are inspired by an extensive study of traditional Indigo dyeing undertaken by Giulio Ridolfo on his travels. Centred around deep combinations of blues and rich natural reds, they also include subtly coloured neutrals.

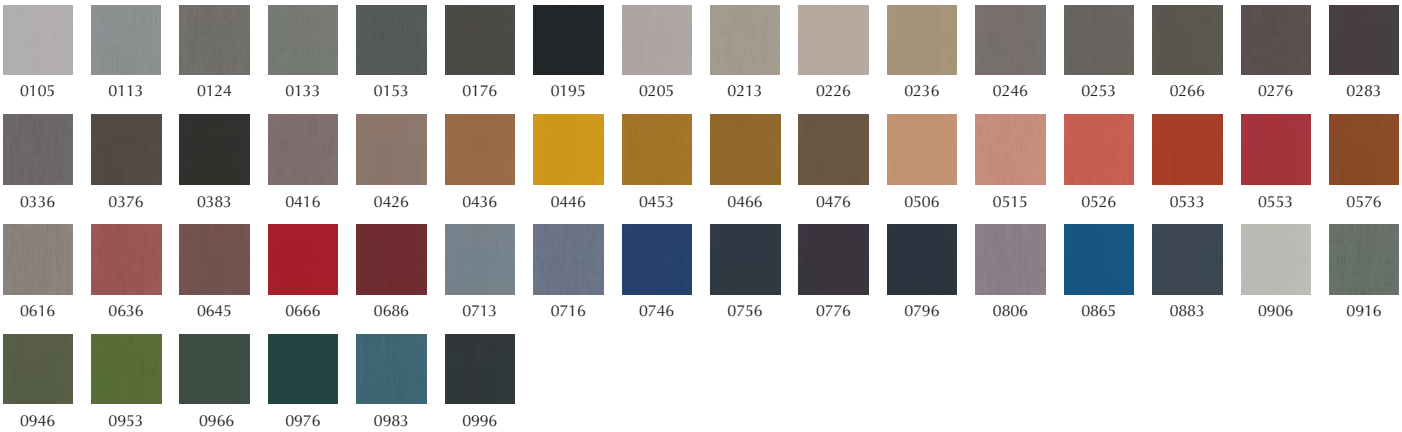

Name:	Remix 3	Durability:	100.000 Martindale
Designer:	Giulio Ridolfo	Pilling:	4
Type:	Upholstery	Lightfastness:	6
Pattern:	Solid	Sustainability:	EU Ecolabel, Greenguard Gold, HPD, EPD

Steelcut Trio 3 | Fabric from Kvadrat

Steelcut Trio is a hardwearing woollen upholstery textile with the same construction as Steelcut. Originally designed by Frans Dijkmeijer, it comes in updated colourways crafted by Giulio Ridolfo. The three-dimensional surface of Steelcut Trio resembles small pyramids or steel points. Despite the complexity of the textile's innovative weave, it has a simple, precise expression. Steelcut Trio is yarn-dyed and made from 3 differently coloured yarns.

Name:	Steelcut Trio 3	Durability:	100.000 Martindale
Designer:	Frans Dijkmeijer & Giulio Ridolfo	Pilling:	4
